

A Celebration of Math

Pay Close Attention to the story.

I am going to ask you to tell me
the details at the end.

There were three people sitting
talking and watching tv

One was 14
One was 15

One was 92

They were sharing a six pack of coke but there were only five left.

The first boasted, “ I can drink three cokes in a row!”

The next one cried, “That’s nothing,
I could drink all five!”

“Whippersnappers, Back in the day, I could drink EIGHT!”, the elderly person said.

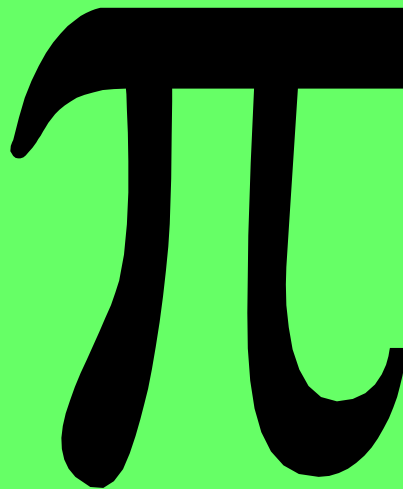

- A tv was on in the room and they were watching a basketball game.
- The score was 97-93 with 2 minutes and 38 seconds left in the game.
- Their favourite team was losing by **FOUR** points!
- Their team lost.

But

- They learned pi to twenty digits.
- Can you remember all the details of the story in order?
- If you can you will have learned it too!
